Offering durable products with trend-inspired designs, and reliable guarantees.

With an exceptional customer service team based in our UK headquarters, providing technical help and support when you need it. Whether it's choosing the right product or finding the solution to an installation issue. With a team of engineers on hand to help on site, Bristan is always the easy choice for taps and showers you can trust for your home.

Contents

Appeal 12

Our Appeal range is a European inspired offering with a gently curving spout, stylish lever handle and thickset body, mixing elegance and practicality. This versatile shape will suit any bathroom environment. Complete the look by pairing with either our Prism or Buzz showers.

New

Molida 22

Introducing the European inspired Molida peg lever handle range. Featuring a diamond knurling pattern on the peg lever handles to add a touch of depth and elegance. Available in three distinct finishes, these will blend effortlessly with a wide range of bathrooms, cloakrooms, and ensuites.

Saffron 30

Our Saffron range features sleek, slim shapes with a fresh, modern feel. Designed with contemporary bold lines and easy to use loop lever handles, this is a sophisticated range that has a place in any bathroom setting.

Tangram 38

Our Tangram range is a geometric collection with bold lines and a beautifully tapered spout. Attention to detail is obvious in every element of this tap, from the elegant flick up lever to its smooth movement. For bathrooms where a bar shower works best, pair with our Qubo. It's sophisticated, angular shape perfectly complements the Tangram range.

Hourglass 48

Curvaceous Hourglass is one of our most popular ranges, featuring subtly flared, smooth shapes, low rise handles, and delicate details that radiate feminine style.

New

Cruzar 60

Add a timeless industrial feel to your bathroom with the new Cruzar range. The linear knurling crosshead handle design provides an ultra-modern feel. Available in a chrome, black, or brushed brass finish, these will act as a statement piece in your bathroom.

Accessories 68

No bathroom would be complete without matching accessories! No matter the finish or product range you opt for, you'll find coordinating robe hooks, towel rail, toilet roll holders, and more to complement your chosen look.

Product Benefits Explained

1 Outlet
One shower outlet.

2 Outlets, 1 On
Two shower outlets, which can only run separately.

Eco Start
Unlike standard basin mixers, our Eco Start mixers start in the central position and will only fire up your boiler when you move the tap lever from the central position.

Easy Fit Installation
Designed to make installation quicker and easier.

Luminance Chrome
A hard-wearing, flawless finish that lasts for years. It's also scratch resistant and salt spray tested to ensure added durability.

Family Safe
Thermostatic temperature control and automatic stops prevent surges of hot or cold water.

Drenching
This shower fully soaks you with water for the most indulgent showering experience.

Matching Taps and Showers
Matching taps and showers are available.

Rub Clean
There's no need to scrub. Limescale build-up can be easily wiped off the nozzle of this shower product.

Our Finishes

You're sure to find the perfect finish with Bristan taps and showers.

Whether your bathroom is craving chrome, or seeking a statement piece, you're sure to find the perfect finish with these ranges. Available in the ever-popular black, tried and tested chrome, or striking brushed brass.

Brushed Brass

Brushed brass is the latest finish to be added to our wide range of taps and showers. This subtle but attractive finish will add a touch of luxury to any bathroom.

Black

Black is back and here to stay! Fast becoming a popular finish for taps and showers, it's easy to see why. Blending seamlessly with a wide range of colour schemes and acting as a striking statement piece.

Chrome

The true classic, and likely the most common finish you'll find, is chrome. Chrome products can create a contrast to darker colour schemes while effortlessly blending with lighter ones. Often unassuming, the addition of anything chrome will tie a room together and become a timeless staple piece.

ECO START. TAPS THAT START COLD TO TAKE THE HEAT OUT OF YOUR ENERGY BILLS.

Eco Start saves energy by having cold water as the default central start position of the tap handle. Hot water is only activated when the tap lever is moved from the central position, so your boiler is not unnecessarily fired up. Cutting emissions and saving you money.

*Save up to 10% energy usage on the Eco Start tap, see website for details
